RE: ARKANSAS REHABILITATION SERVICES
CERTIFICATE OF INELIGIBILITY

Client Name: David Stebbins
Case Number: 2015/12/16

Dear David Stebbins:

The diagnostic study has been completed, and based on the information I have and to the best of my knowledge and judgment, it does not appear that you are eligible for vocational rehabilitation services. If you are dissatisfied with this decision, you may file a request for an administrative review of this action to be made by a member or members of the supervisory staff of the agency. If dissatisfied with the findings of this review, you will be given an opportunity for a fair hearing. Applicants may be afforded an annual review to determine if any changes have occurred, which may result in a decision of eligibility.

THE REASON(S) FOR THIS DECISION IS:

Mr. Stebbins is not currently appropriate for vocational rehabilitation services. A referral to a local mental healthcare provider is strongly recommended. Mr. Stebbins would likely benefit from treatment and the support of a therapeutic relationship. Efforts to work with Mr. Stebbins should be coordinated with his treatment providers. His vocational success will depend on him stabilizing and effectively managing his psychiatric issues. In order for Mr. Stebbins to be appropriate for ARS services he should be able to demonstrate a period of stable functioning. He will also need to provide documentation from his mental healthcare providers that his symptoms are well-managed and they agree he is ready for training, school or work.
